2020 was a difficult year for many in our communities. The Travis Credit Union Foundation rose to the challenge and prioritized raising funds for disaster relief initiatives. With the generous support of our donors and Travis Credit Union, the TCU Foundation supported organizations that were actively providing frontline services to those impacted by COVID-19; and those who lost their homes and personal property in the LNU Lightning Complex Fire.

With our first year of fundraising behind us, we’ll continue to build financially empowered communities by investing in financial education initiatives that teach financial planning, debt reduction, building credit, and increasing savings; and in scholarships to help youth and adults from underserved communities access post-secondary education. I look forward to building financial wellness in our communities with the continued support of our donors, funders and partners!
